

CLIMATE JUSTICE EVENING – JOIN US!

YOU'RE INVITED TO SPEAK OUT ABOUT CLIMATE CHANGE

Will you join us as we bring the message of poor communities to decision makers? People living in poverty have something to say – but it's not often heard by the powerful. It's a message about how their lives, their homes, their families are being shattered by the changing climate.

As world leaders meet to agree a new climate change deal in December, we have a one-off, God given opportunity to deliver a message from our poorer neighbours: we need to act now!

We'd like to invite you to a special climate justice evening to find out everything you need to know to be part of a united Christian response to climate change.

No previous experience or knowledge is required. Just a concern for justice and a desire to take action, pray and get your church involved.

tearfund
BE PART OF A MIRACLE

Poor people are hit hardest by climate change - yet they've done the least to cause it. It's wrong that their needs are ignored by those who have the power to tackle the problem.

World leaders are preparing to meet in Copenhagen this December. They'll agree a deal to tackle climate change and we must ensure the needs of poor people are a central part of it. Join Tearfund's campaign and amplify the message of our poorer neighbours. Be part of the response of local churches worldwide as we speak as one global church and call for a strong and fair climate deal which protects poor people.

We'd love you to get involved by joining us at one of our climate justice evenings this autumn.

Wednesday 23 September
St Nicholas Church, Sevenoaks TN13 1JA 7.45pm for 8pm
With Professor Sam Berry (Professor of Genetics, University College London)

Tuesday 06 October
